

CORRESPONDENCE.

PAROWAN.

(Social Correspondence.)

Parowan, Nov. 4.

Miss Josie Curtis is improving her hotel, making it more comfortable for her guests.

The Matheson boys have been very successful in getting good flows of water on the Robinson claims near Buckhorn.

The Equitable and Co-op stores have been taking stock lately, preparatory to their annual dividend or stockholders meeting.

We are truly thankful to some well disposed person who made the church a present of a beautiful gift edged bible. The donor modestly withheld his name.

Wood hauling is now the order of the day, the lovely weather of the past few weeks allowed the husbandman to gather in the bounties of nature in good condition.

The schools are going on in the even tenor of their way, that is, tolerably even, the variation being 2 to 30 minutes daily, the clock that was so reliable hitherto having gone on strike, or a jag or something, reminding us painfully that the grand republican clock that was forthcoming, is not forthcoming.

The election passed off very quietly yesterday, the democrats carrying everything but the marshal.

Mayor Lucius Marsden.

Councilman (long term) H. Heber Ben-

son.

Councilman, (2 years) Alex. Matheson.

" " James J. Adams.

" " Wm. H. Gurr.

" " Walter C. Mitchell.

Treasurer, James Connell.

Recorder, Leona Taylor.

Justice, Wm. C. McGregor.

Marshal, Edward Bentley.

"And there you are."

Parowan, Utah, Nov. 5, 1903.

Benjamin Hoyle's frame house is nearly completed.

The carpenters are at work on James Ollerton's new house.

Our coming mayor L. N. Marsden has started to build a beautiful brick house.

Mrs. Fannie Salisbury returned to her home in Richfield Thursday morning. She has been visiting with her parents Mr. and Mrs. George Taylor of this place for a few weeks.

The Misses Ora Watson and Pearl Adams have left for the north. Miss Watson will visit relatives at Salt Lake and Miss Adams will attend the B. Y. U. at Provo this winter.

The election passed off quietly. The democrats winning all with the exception of the marshal. The republican candidate receiving a small majority thru having so many democratic relatives.

The Halloween party given by the Y. L. M. L. A. last Friday evening was a decided success. All wore the Halloween costume until twelve o'clock, when they all unmasked and a very dainty supper was served. Everyone went home declaring they had the most pleasant time of their lives. If prizes had been in order they would certainly have been given to the M. L. A. musical director and his wife.

LEEDS.

Nov. 2, 1903.

Miss Minnie Hanson began teaching school at Harrisburg this morning.

Mrs. Lena Kuhn, who has been living with her husband at the Apex mine, is here visiting relatives for a few days.

Last Saturday evening the young ladies gave a Halloween party at the Stirling residence. We hear that they had "just a lovely time."

Frank Sullivan, while running a horse—race last night, was thrown from his horse and had his arm quite badly hurt. He is unable to use it.

Last Friday afternoon, while playing ball with the children during recess, Mr. Lewis Bastian sprained his ankle quite badly, but is able to continue school this morning.

Mrs. Wardle of Oregon, who has been visiting with her mother, Mrs. Hanson, for some time, was made happy last Wednesday night by the arrival of a pair of twin babies—a boy and a girl—each weighing eight and a half pounds. They are claimed to be the first twins ever born in Leeds.

PINE VALLEY.

Oct. 30, 1903.

Monday, the 26th inst., a baby girl was born to Mrs. Frank Snow. All well.

Mrs. Rose Gardner has returned from Cedar, the proud mother of a beautiful baby girl.

Miss Effie Gardner is spending a few weeks with her father here. She has been quite indisposed for several months, but is rapidly recuperating. Her relatives and many friends wish her a pleasant sojourn here and trust she will have fully regained her health before returning to Salt Lake City.

Mr. and Mrs. Wm. J. Snow start for Provo tomorrow, the 31st inst., where they expect to attend the Brigham Young University. Pine Valley can boast of having students in all the leading high schools of the state, viz: Agricultural College at Logan, University of Utah, Brigham Young University and the Branch Normal at Cedar City.

NORMAL NOTES.

Nov. 3, 1903.

Instructor Milne has just received a challenge from the L. D. S. boys for a game of basketball. They desire to come down here about Nov. 15. Our boys have had very little practice and the challenge has not yet been answered.

A large shipment of tools and benches for the manual training department has arrived and the new shop will be well equipped. Forge work and advanced carpentry will be taught this year.

At 2 p. m. on Friday all the students gathered in the assembly room to show their respect to the aged fathers and mothers of Cedar City. The old folks very much enjoyed the musicale which was rendered for them. It consisted of a piano duet, piano solo, ladies' chorus and cornet solo. They were then turned over to the police force and were piloted about the building.

In the late examination in chemistry a number of students became discouraged and are trying to petition out of it. Most of the class enjoy their laboratory work on Tuesdays and Thursdays. Six experiments have been performed by the students, and nearly all are real successful in producing oxygen and hydrogen. Instructor Ward is on hand to suggest and help in every way.

Hallowe'en was a jolly time for the normal students. The first year's visited "Squaw Cave" east of town in the afternoon and got some ghostly spirit to use at the party which they held at Mr. Knell's that evening. The second year's enjoyed their trip to Enoch even though they had to pass the graveyard. Third year's held their entertainment at the residence of Wilford Cox. Lively games were carried on until 11:30, when supper was served. Strange to say an old witch was found among the ghosts of the street, who told all the wonderful fortunes of students. Ghost stories were doled out with lights burned low and a speech on class patriotism ended the evening's entertainment.

PROBATE AND GUARDIANSHIP NOTICES.

Chamberlain's Cough Remedy Is Pleasant to Take.

The finest quality of granulated loaf sugar is used in the manufacture of Chamberlain's Cough Remedy and the roots used in its preparation give it a flavor similar to maple syrup, making it quite pleasant to take. Mr. W. L. Roderick, of Poolsville, Md., in speaking of this remedy, says: "I have used Chamberlain's Cough Remedy with my children for several years and can truthfully say it is the best preparation of the kind I know of. The children like to take it and it has no injurious after effect."

For sale by all Dealers.

Application for Patent.

UNITED STATES LAND OFFICE.

Salt Lake City, Utah, October 29, 1903.

Notice is hereby given that the Cincinnati, Utah and Wyoming Oil Company, a corporation organized under the laws of the state of South Dakota, its post office address being Cincinnati, Hamilton county, state of Ohio, by E. E. Kennedy, its duly authorized agent, has made an application for a United States patent for the Cincinnati, Cincinnati No. 2 and Cincinnati No. 4 lodes, veins or mineral deposits, in Pinto Iron Mining District, Iron County, State of Utah, in sec. 27-28-33 and 34, T. 36 S., R. 14 W., containing 1200 linear feet of each of said Cincinnati, Cincinnati No. 4 lode, and 1200 linear feet of said Cincinnati No. 2 lode, in length, the presumed general course or direction of which are shown on the official plat, filed in this office, as near as can be determined from present developments, together with the surface ground as shown on said official plat, bearing gold, silver, copper, lead, iron and other precious metals, being designated by the Surveyor General as Lot No. 500 on said official plat, said claims being described in the field notes and plat of official survey, on file in this office, with magnetic variation at 11 deg 17 min E to 17 deg 25 min E, as follows, to-wit:

Commencing at cor. No. 1 of said Cincinnati lode, survey No. 304, where the SE cor. of sec. 27, T. 36 S., R. 14 W., bears N 33 deg 15 min W 784.41 ft; thence N 35 deg 32 min W 600 ft to cor. No. 2; said lode: thence N 22 deg 31 min E 1500 ft to cor. No. 3; said lode: thence N 10 deg 30 min E 1500 ft to cor. No. 4; said lode: thence N 10 deg 30 min E 1500 ft to cor. No. 5; said lode: thence N 10 deg 30 min E 1500 ft to cor. No. 6; said lode: thence N 10 deg 30 min E 1500 ft to cor. No. 7; said lode: thence N 10 deg 30 min E 1500 ft to cor.
